1959 PRICE LIST OF AFRICAN VIOLET LEAVES

Effective until February 1, 1960

Our 1960 list will be mailed starting then.

PLEASE READ CAREFULLY BEFORE ORDERING: Prices listed are for rooted leaves (in vermiculite). We don't expect to have to substitute, but it will help us immensely if you will name several extra varieties you might like. Then, if we are able to include any free leaves in your order, we'll know what you prefer. Orders received from February 1 until June 1 are filled in order of receipt starting April 1, and are not acknowledged, so that our time can be spent on shipping. Orders received from June 1 through November 1 (the end of our shipping season) are usually mailed within ten to fifteen days of receipt. Orders received from November 1 until February 1 will be acknowledged and booked for spring shipment.

PLEASE NOTE: To speed delivery, all orders are sent by first-class mail, using blocks of commemoratives. No orders are accepted under \$3.00, and on orders below \$5.00 please add 75¢ for postage and packing. Airmail is 50¢ extra up to a \$5.00 order and 5¢ more for each \$1.00 of the order above that. We guarantee safe delivery anywhere in the United States. Unused stamps cannot be accepted as payment.

All leaves are labeled and true to name. Variegated varieties may bloom a solid color at first, but many come variegated later.

Orders for rooted leaves and fresh-cut leaves CAN'T be sent combined, so please order your leaves all rooted or else all fresh cut.

We send additional price lists out regularly, listing all varieties we sell. If you are on our current mailing list, or a recent customer, you will receive them as they are issued. Our price list answers what we consider to be the important questions, so we usually can't give a personal answer to your letters. Our wholesale discount is 10% on orders over \$30.00.

IMPORTANT

Our business is almost entirely in rooted leaves sold by mail. Only in this way can we give our customers as quick service as possible. However, the greenhouse is open every Friday morning to sell rooted leaves to the local trade and others.

Of course, if you are in the area anytime and wish to see me, please don't hesitate to stop. If I am at the greenhouse or my office next to it, please knock or ring the bell so I'll know you want me. Of course, we are very busy in the Spring and early Summer, but at other times of the year we'd be glad to have you drop in. The greenhouse and office are located on Route 19, one mile south of Warsaw.
